

公司简介

Company Introduction

Weifang Superreliable Technology Co.,Ltd, Professional Adhesive Label Material Supplier

Weifang Superreliable Technology Co.,Ltd is one of the biggest and most professional self adhesive label material supplier in China.

Superreliable Technology has most professional product development team; we can develop adhesive label material according to customer's requirements or final usage. Superreliable Technology has our own cooperative factory, Which can make adhesive label material with hotmelt glue(Rubber based glue), acrylic glue(Water based glue) and Solvent Glue. Besides the common adhesive glue, we also have super strong glue adhesive label material, super anti freezing glue adhesive label material, tire glue adhesive label material, removable adhesive label material, wet wipes label material and so on.

Superreliable Technology brand adhesive label material are widely used for making logistic waybill, scale sticker, pharmacy label, fruit label, tire label, blank barcode sticker, wine label, cosmetic label, food label and so on.

Superreliable Technology will offer you most reliable and suitable adhesive label material according to your requirements

Welcome to contact us for sample or quotation.
